THE MGI-NA COMMUNIQUÉ BULLETIN

November 11, 2011

Bylaws and New CC Members Approved

It was great to see such a fantastic NYC AGM turnout and meeting. Congratulations on a perfectly planned meeting by Graf Repetti, John, and Cynthia as well as each of the CC members and Michelle Folster in planning the NA conference. Based upon my discussions with many of the attendees, it appears the AGM has energized the NA members to get more involved in MGI.

As most of you are aware, the terms for Charles and Dennis as CC members have expired as of October 2011. In line with the movement to the MGI circle model and paid Area Coordinator, MGI NA has changed its bylaws to call for five members of the CC. John Repetti has also offered to vacate his term given his new responsibilities as Chairman of MGI World. Joe Tarasco is the paid Area Coordinator for the North American Region, but not a voting member of the CC. In the future, we can raise the number of coordinating committee members limit if necessary. The end result was a need to elect two members to the coordinating committee at this time.

I'm proud to announce that Dennis Weiler of Weiler & Company and Jeff Myers of Wright, Ford, Young & Co. (WFY) been elected to the MGI NA Coordinating Committee.

I'm also happy to announce that the revised bylaws have been approved by the membership. Thanks again to Chuck Snead for preparing the bylaw documents.

We also wish to thank Charles Postal for serving on the Coordinating Committee and for a great job as the NA Coordinator during his term.
