## *MGI NA Annual Conference*

Dear Members:

Based on the survey that was recently taken of our North American membership and discussions taking place during this month's North American Coordinating Committee meeting, the following is being planned:

- The 2011 North American Annual Conference will take place on Wednesday, October 19, the day before the start of the AGM in New York City. The plan is to have hors d'oeuvres and refreshments Tuesday evening, October 18th, with the North American Annual meeting the following day from 9 am – 4 pm. The AGM will begin with a Wednesday evening cocktail reception. As we discussed in Seattle, we are hoping to maximize North American member attendance at the AGM.
- The North American Coordinating Committee meeting will take place in May/June of 2011 in a warm weather location, and will be open to all members. The meeting will take place on a Friday and depending on the member attendance may include a social/networking event on Friday evening and/or Saturday. Further details will follow.

We will update you as we progress with our plans.

Please feel free to contact me or Charles with any suggestions or comments.
