THE MGI-NA COMMUNIQUÉ BULLETIN

Dear Members,

We always love to share MGI member success stories, especially those that involve adding value to client service through membership in MGI. Hani Sharestan, partner in Wright Ford & Young (WFY), was good enough to share with us some of the value added client services that WFY has experienced during their short time as MGI members. Here's what Hani had to say:

- WFY referred a US National who is planning to move to Australia to Cameron Barber at MGI Brisbane.
- WFY referred an audit to a firm in the UK.
- WFY referred a US citizen looking to invest in a Spanish company to Manuel Gomez Conesa and his manager Cristina Lopez Fidalgo from MGI Audicon.
- WFY contacted Mary Hennington from Vink Teague & Associates in Texas for questions about that State's taxation laws. Mary was a great resource.
- WFY referred a US corporation looking to do business in Ireland to Tim O'Keefe from CopseyMurray.

We thank Hani for sharing WFY's experiences and we congratulate WFY for being an active member of MGI and demonstrating the value of MGI membership.
